

Children Function

AYM employs a part-time worker who supports the Children's and JYF programs for AYM. This person is currently shared by Tania Aveling of Queensland Regional Meeting and Gina Price of Western Australia Regional Meeting. They provide continuity of the children's program, and want to be involved with the host planning committee to plan their program. Their email address is **CChildrenJYF@quakersaustralia.info**.

The host committee is aware of the local opportunities and constraints at their YM event. They need to find people who will be the leaders of the JYF program. Commonly one or several workers are employed to be carers for the children at YM. Other Friends, both parents of the children and others contribute to the program.
