

Elders Function Description

In recent years, there has been a committee of elders at YM events. Their role is to monitor Meetings for Worship, and thereby, the spiritual sense of the YM. The Elders also are visibly present during business sessions, and would assist the Clerk in maintaining the discipline and tenor of the meeting, if necessary. The Clerk may look to them for advice.

Traditionally, the convenor of the host Meeting's Elders committee has convened this group. Somewhat varying ways have been used to nominate the Elders for the YM event. Some preparatory materials are usually distributed to YM Elders, and there are usually one or several meetings of the group during the YM event.

If the host RM found itself particularly stretched for local Friends to take on roles in planning, it is imaginable that negotiations could be held with another RM for a non-local to take on this role. The role might return to the hosting meeting another YM. Since almost none of the role depends on local factors, such as the venue, this solution should be perfectly workable.
