

Preparatory, Plenary & Open Sessions Schedule

<https://www.quakersaustralia.info/preparatory-plenary-open-sessions-schedule-and-reports>

A **Preparatory (Prep) Session** is presented when the committee's report has a Part B, and there are questions to be discerned by Yearly Meeting. Preparatory Sessions will be limited this year. They will mostly take the form of an online presentation by the relevant committee, with opportunity for some discussion. Not every report with a Part B will trigger a Prep Session. Prep Sessions are all held online prior to the week of YM2020 this year.

An **Open Session** is a meeting of the committee whose report has no Part B. The committee invites others to join in the meeting to become better informed about that committee, and what they do. Prep Sessions are all held online prior to the week of YM2020 this year.

A **Plenary Session**, held during mornings of YM2020, provides an opportunity for a national committee to explain and describe its work. It will refer to its report, and amplify it. Limited discussion will be available in these sessions.

Preparatory Sessions are:

Right Holding of Yearly Meeting Committee Session:

Monday 18 May @ 7pm AEST.

The Committee's Report in DIA can be found [here](#).
