

Sacred Fire Circle – Painting by Kerstin

How Precious the Gift of Each Other

We are gold, frankincense and myrrh for each other
and more.

Our most precious gift
is the gift of each other
as we live the routine, the challenges
and set backs of life
and support and love each other.

Nothing, but nothing is too big,
too difficult, too daunting, beyond reach
when we share our trust in Spirit,
dream together, move forward together,
laugh and play along the way
indulge together our sensuous selves
and rejoice in new life.

Can we bear together the love in being thrown,
moulded, shaped, and fired
in the Furnace of Life?
